A NOTE ON PRICING

We at Broadview believe in transparent pricing, and we understand the importance to students and faculty of keeping books affordable.

The formats in which publishers offer their books are increasingly varied, and delivery methods and price structures can be confusing. We try our best to keep it simple, and the prices in our catalogue reflect this approach. When comparing costs, we encourage you to compare like prices: list to list, print to print, new book purchase to new book purchase, eBook rental to eBook rental, etc.

EDITORIAL INQUIRIES

Broadview is actively acquiring new book projects in Politics, and we welcome editorial queries. Submission guidelines are available from the Broadview website at broadviewpress.com/editorial.

WHAT PEOPLE ARE SAYING

“Broadview is a company of people who love books. This is expressed through everything Broadview does: its close collaboration with authors throughout the writing process and its expert editorial staff; its commitment to providing faculty and students with high quality, reasonably priced texts; and its pioneering efforts to expand the canon through the Broadview Editions series, which combines scholarly excellence with sensitivity to student needs.” — ALEX SAGER, PORTLAND STATE UNIVERSITY

“Broadview Press is not only my first stop when crafting book lists for my courses; it is also where I send the many general readers who are excited to encounter ‘new’ texts from the past. Broadview’s work combining well-annotated editions with excellent supporting primary sources makes for some of the most enriching reading experiences available, both in and out of the classroom.” — EMILY FRIEDMAN, AUBURN UNIVERSITY

AMERICAN POLITICS

Strengthening American Democracy

By John R. Baker

eBook from \$19.95 |
print \$28.95

192pp | 2024 | 9781554816279

Many experts have observed a world-wide trend toward “democratic deconsolidation,”

reflected in America through declining trust in government at all levels and the rise of authoritarian thinking. The trend is rooted in extreme partisan polarization, which serves as fertile soil for the rise of anti-democratic movements and tendencies. This book aims to combat that disturbing trajectory, offering readers the tools to engage in and aspire toward a more responsive and accountable democracy. Its 46 brief and accessible articles outline a number of institutional, structural, process-oriented, and policy-related challenges to American democracy. In most cases, specific proposals for reform are discussed, encouraging the reader to think about how to make tangible progress toward a “more perfect Union.”

John R. Baker is Professor of Political Science at Wittenberg University. He has written and edited several books on American politics, including *Government in the Twilight Zone: Volunteers to Small-City Boards and Commissions* and *Readings on American Subnational Government*.

KEY FEATURES

- A broad look at the challenges faced by American democracy today, including polarization and the rise of authoritarian thought.
- Consists of a general introduction as well as 46 engaging articles.
- The articles are brief, making them ideal supplements for discussion in standard American Government and Politics courses.
- Includes numerous contemporary and historical examples.
- Discussion questions are included with each article to facilitate critical classroom dialogue.
- A glossary of key terms provides helpful background for a better understanding of the articles.
- Offers positive suggestions for how American democracy can be strengthened and reformed to address the challenges it faces.

“Finally! A book I can use to structure my classroom discussions on the future of America’s democracy and how my students can help keep it afloat.” — BRIANNA N. MACK,
DEPARTMENT OF POLITICS AND GOVERNMENT, OHIO WESLEYAN UNIVERSITY

“Baker has crafted a series of brief, engaging essays that encourage readers to engage in lively, thoughtful conversations that take them to the heart of what ails our polity. Organized around the principle that we must reclaim spaces for reasoned discussion among people who hold a variety of views, this book helps show the way to a brighter future where we can better communicate with each other despite our differences.”

— WAYNE BARNETT, EXECUTIVE DIRECTOR, SEATTLE ETHICS AND ELECTIONS COMMISSION

“In these compelling and concise essays, John R. Baker highlights the conflict between democratic ideals and the present reality of American politics. Yet this is not a pessimistic book. Baker asks Americans to think about what can and should be changed in the political system—and in our individual actions and attitudes—to bring about better and more democratic politics.” — SCOTT R. MEINKE, DEPARTMENT OF POLITICAL SCIENCE,
BUCKNELL UNIVERSITY

and Doreen Jackson,
with Royce Koop and
Tamara A. Small

eBook from \$53.95 | print \$76.95
456pp | 2026 | 9781554816989

Canadian Government and Politics delivers an up-to-date and concise introduction to Canada's political institutions, processes, and issues. The text integrates theory, history, Census data, and current affairs to give students an orderly picture of the wide-ranging landscape of Canadian government and politics. The authors aim for fair-minded, impartial discussions, meant to foster an optimistic perspective on Canadian politics that encourages critical thinking and active citizenship.

This eighth edition adds exciting new material on Canada's cultural landscape, institutions, and policies. This includes significantly expanded coverage of Western alienation, a full chapter on

Indigenous Peoples in Canada, and new discussions of demographic representation, housing policy, racial justice, and third-party intervention.

Robert J. Jackson is Distinguished Professor of Political Science at Carleton University and Fletcher Jones Professor of Government at the University of Redlands. He has been employed in various senior government positions, including as Senior Policy Advisor to four Canadian prime ministers.

Doreen Jackson is a writer and consultant. She has co-authored 23 books in Canadian, comparative, and world politics, including a number of widely adopted textbooks.

Royce Koop is Professor of Political Science and Coordinator of the Canadian Studies program at the University of Manitoba. He has authored or edited several books, including *Grassroots Liberals: Organizing for Local and National Politics* (UBC Press, 2012), which won the 2014 Seymour Martin Lipset Best Book Award.

Tamara A. Small is Professor of Political Science at the University of Guelph. She is co-author of *Fighting for Votes: Parties, the Media and Voters in an Ontario Election* (UBC Press, 2015) and co-editor of several books, including *Digital Politics in Canada: Promises and Realities* (University of Toronto Press, 2020) and *Mind the Gaps: Canadian Perspectives on Gender and Politics* (Fernwood Publishing, 2013).

"Comprehensive? Yes. Accessible? Absolutely. Relevant? Completely. Canadian Government and Politics is readable, engaging, and inviting." — GREG INWOOD, TORONTO METROPOLITAN UNIVERSITY

"A classic text gets a timely and comprehensive update ... Used effectively, this new edition can help students navigate a political world that is increasingly fractured and fractious." — TOM MCINTOSH, UNIVERSITY OF REGINA

"Accessible, comprehensive, and up to date, this textbook is required reading for students curious about Canada and all of its political complexities." — ANNA ESSELMONT, UNIVERSITY OF WATERLOO

"... an ideal introduction to Canadian politics, providing excellent coverage on institutional arrangements, processes, and policy issues." — JAN HANCOCK, CAPE BRETON UNIVERSITY

"Accessible and academically rigorous, the text will provide students with the tools needed to answer key questions with confidence." — JACOB ROBBINS-KANTER, BISHOP'S UNIVERSITY

POLITICAL THEORY

THE BROADVIEW ANTHOLOGY OF SOCIAL AND POLITICAL THOUGHT

The Broadview Anthology of Social and Political Thought offers both depth and breadth in its selection of material by central figures, while also covering other often-underrepresented currents of political thought. Every reading has been painstakingly annotated, and each figure is given a substantial introduction highlighting his or her major contribution to the tradition. The editors have made every effort to include translations that are both readable and reliable.

In order to ensure the highest standards of accuracy and accessibility, the editors have consulted dozens of leading academics during the course of the volume's development (many of whom

have contributed introductory material as well as advice). The result is an anthology with unparalleled pedagogical benefits. *The Broadview Anthology of Social and Political Thought* sets the new standard for social and political philosophy instruction.

GENERAL EDITORS

- Andrew Bailey, University of Guelph
- Samantha Brennan, University of Guelph
- Will Kymlicka, Queen's University
- Jacob T. Levy, McGill University
- Alexander Sager, Portland State University
- Clark Wolf, Iowa State University

"This is a wonderful collection, with great introductory essays.... We should all be grateful to the editors for selecting and contextualizing so rich a body of materials."

— KWAME ANTHONY APPIAH, NEW YORK UNIVERSITY

"Spanning traditions and ideological divides, The Broadview Anthology of Social and Political Thought is wonderfully adaptable to a variety of courses in political theory or history of political thought at virtually every level of higher education." — SALLY J. SCHOLZ, VILLANOVA UNIVERSITY

"An outstanding collection of readings drawn from classical and contemporary political thought. The immensely helpful introductions to each of the three central parts will greatly assist students in understanding the context and significance of each figure's work."

— GILLIAN BROCK, UNIVERSITY OF AUCKLAND

"The selections are broader than in other works I have seen.... The annotation is, as advertised, fuller than is usual in such works, and consistently helpful.... All in all, this is an impressive work—by far the best political anthology I have seen."

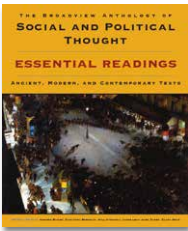

— GEORGE KLOSKO, HENRY L. AND GRACE DOHERTY PROFESSOR, UNIVERSITY OF VIRGINIA

"Quite simply, this is a fantastic anthology. It includes not just the standard readings from the western canon but also important ones left out of most anthologies, including several by women. The anthology includes concise, accurate, and extremely helpful introductions, which include, uniquely, a discussion of 'common misperceptions' of each work. These introductions are perfectly pitched for an undergraduate audience." — DARREN WALHOF, GRAND VALLEY STATE UNIVERSITY

"This unique volume accomplishes what few anthologies are able to: it is, at the same time, an excellent teaching tool and an indispensable part of any scholar's library. Its scope reflects thoughtful and inclusive choices. The explanatory commentaries which precede the work of each theorist are well presented, helpful, and in some cases, clear muddy waters by directly tackling common misconceptions. This is a 'must-have' resource for anyone studying or teaching political theory today."

— AVIGAIL EISENBERG, UNIVERSITY OF VICTORIA

POLITICAL THEORY *continued*

Readings in Political Philosophy: Theory and Applications

Edited by Diane Jeske and Richard Fumerton

print only \$93.50
1168pp | 9781551117652

"A magnificent compendium of theory and application, guaranteed to engage readers with the centuries-long conversation about core ideals

and values in political life and to illustrate the relevance of those ideals and values in contemporary law and policy. A terrific textbook for introducing students of any age to political philosophy." — ROB REICH, DEPT. OF POLITICAL SCIENCE, STANFORD UNIVERSITY

This anthology's aim is to show both the continuity and the development of political thought over time. Each unit begins with readings on the fundamental theoretical principles underlying political discourse. Theory is then connected to practice in readings on contemporary issues as well as court cases and other political documents. Nearly 100 readings are included in all.

Globalization and International Development: The Ethical Issues

Edited by H.E. Baber and
Denise Dimon

print only \$80.75
672pp | 9781554810123

This anthology offers a wide selection of readings addressing the contemporary moral issues that arise from the division

between the Global North and South—"the problem of the color-line" that W.E.B. Du Bois identified at the beginning of the twentieth century and which, on a scale that Du Bois could not have foreseen, is the problem of the twenty-first. The book is interdisciplinary in scope. In addition to standard topical essays in ethical theory by philosophers such as Kwame Anthony Appiah, Martha Nussbaum, and Peter Singer, it contains essays from economists such as Amartya Sen, Joseph Stiglitz, and Thomas DeGregori, as well as current empirical data from the World Bank, IMF, United Nations, and other sources.

"Globalization and International Development is a superb anthology. Unlike other such collections, it brings together a diversity of philosophical, economic, and anthropological materials, conveniently providing all that one might need for an undergraduate course on global economic justice. The readings are carefully selected, accessible, and certain to stimulate productive classroom discussion. In short, an ideal textbook!" — FRANK LOVETT, DEPT. Racism, Hypocrisy, and Bad Faith: A Moral Challenge to the America I Love

By Julius Bailey

eBook from \$23.95 | print \$34.50
216pp | 9781554814985

"Julius Bailey is one of the most original and courageous philosophers of his generation. In this powerful text, we once again see his unique ability

to wed his sharp analysis and philosophical acumen to our American contemporary crises!" — CORNEL WEST, PROFESSOR OF THE PRACTICE OF PUBLIC PHILOSOPHY, HARVARD UNIVERSITY, AUTHOR OF RACE MATTERS

"Racism, Hypocrisy, and Bad Faith: A Moral Challenge to the America I Love is the prophetic thunder that is needed in such a time as this. The book is meant to convict and convert us to a higher moral standard grounded in truth and justice, instead of hypocrisy and bad faith." — ANDRE E. JOHNSON, THE UNIVERSITY OF MEMPHIS

Julius Bailey's latest book discusses the current state of hypocrisy and mistrust in the American political system, especially as these affect ethnic minorities and low-income groups. In powerful and inspiring prose, Bailey writes with a voice well informed by current events, empirical data, and philosophical observation. Bailey looks at the causes and consequences of this new era and applies his passionate yet astute analysis to issues such as hate speech, gerrymandering, the use of the Confederate flag, and America's relationship with the gun.

CONTENTS

Introduction - Indefensible Morality: American Conservative Duplicity in the Era of Trump
Chapter 1 - Trump: The Inheritor of the GOP's Southern Strategy
Chapter 2 - Shifting the Goalpost: Poli-Tricks and the Art of Political Gerrymandering

Black in America samples the breadth of writing on African American experiences in the United States. The emphasis is on twenty-first-century writers such as Ta-Nehisi Coates, Claudia Rankine, and Roxane Gay, but a substantial representation of vitally important writing from other eras is also included, from Olaudah Equiano and Sojourner Truth to James Baldwin, Audre Lorde, and Alice Walker; in all there are over 50 selections.

- A thematic reader of African American writing in the U.S., both historical and contemporary
- Emphasis on themes of joy, beauty, and resilience
- Headnotes, explanatory notes, and discussion questions included with each selection
- Equitable gender representation, with slightly more selections written by women than by men
- Includes a color insert featuring a range of historical and contemporary images related to the book's written selections to facilitate further discussion
- Companion website with additional resources, including supplemental explanatory notes, alternative tables of contents, further readings, and links to relevant online media

The Politics of Climate Change: An Introduction

By Christopher D. Bennett and Donald Wright

eBook from \$20.95 | print \$29.95
240pp | 2027 | 9781554816835

The Politics of Climate Change surveys climate politics at the international, regional, national, and sub-national level. It starts from the premise that climate change is a “super wicked problem” that defies easy solutions and runs into the realities of national self-interest, state sovereignty, short-termism, policy reversal, and organized climate denial. Topics include climate diplomacy and the Paris Agreement, Small Island Developing States and climate refugees, climate obstruction in the United States, and the politics of carbon pricing in Canada. Marked by partisanship, dysfunction, inertia, and delay, climate politics can be infuriating. But there’s reason for hope: everyday people are taking to the streets to highlight the crisis and to demand solutions to what is ultimately a political problem.

Propaganda and the Ethics of Persuasion

Second Edition

By Randal Marlin

eBook from \$30.95 | print \$44.25
392pp | 9781554810918

This book develops a sophisticated account of propaganda and its intriguing history. It begins with a brief overview of Western propaganda, including Ancient Greek theories of rhetoric, and traces propaganda's development through the Christian era, the rise of the nation-state, World War I, Nazism, Communism, and the present day. The core of the book examines the ethical implications of various forms of persuasion, not only hate propaganda but also insidious elements of more generally acceptable communication such as advertising, public relations, and government information, setting these in the context of freedom of expression.

"Concerted efforts to 'direct the thought of the world' have become a dominant feature of modern life, notably in the more free societies, where direct coercion is less feasible. This study is a welcome contribution to increasing public awareness and understanding of these critical matters. It approaches them with historical depth and insightful commentary, also raising and investigating hard questions of propriety and limits that should be the focus of intense concern." — NOAM CHOMSKY, M.I.T.

"In the tradition of George Orwell's Nineteen Eighty-Four and Jacques Ellul's Propaganda, this book will become a classic of the 21st century as theirs were of the 20th. Its substance, exceptional clarity and unsettling relevance show a master teacher at work." — CLIFFORD G. CHRISTIANS, UNIVERSITY OF ILLINOIS

"... [S]o terrifyingly relevant to the troubled world of today ... excellent book ... so measured, so wide-ranging...." — BARBARA WRIGHT, TRINITY COLLEGE, DUBLIN

"... [T]he acknowledged classic in the field." — WILLIAM LYONS, EMERITUS FELLOW OF TRINITY COLLEGE DUBLIN

CONTENTS

- Chapter 1: Why Study Propaganda?
- Chapter 2: History of Propaganda
- Chapter 3: Propaganda Technique: An Analysis
- Chapter 4: Ethics and Propaganda
- Chapter 5: Advertising and Public Relations Ethics
- Chapter 6: Freedom of Expression: Some Classical Arguments
- Chapter 7: The Question of Controls
- Chapter 8: Propaganda, Democracy, and the Internet

HISTORICAL TEXTS

BROADVIEW EDITIONS

In addition to the work itself, each Broadview Edition includes an introduction, chronology, bibliography, explanatory notes, and various appendices. The majority of Broadview's historical texts adhere to this format; others vary in structure and content.

"The Broadview series is not just great for teaching; it also has changed the way we do scholarship."
— SUZANNE DALY, UNIVERSITY OF MASSACHUSETTS, AMHERST

"Students ... found the historical and explanatory notes extremely valuable, saying the notes greatly enhanced their understanding of the texts. ... I also found all of these materials to be extremely helpful as an educator. Because of them, I was able to point students to crucial historical and biographical information without burdening them with excessive extra reading or presenting long lectures. I never had any doubt that Broadview was the right choice, but you've exceeded our expectations." — MADELINE GANGNES, UNIVERSITY OF SCRANTON

"A series in which the editing is something of an art form." — WASHINGTON POST

**The Prince**

Niccolò Machiavelli

Translated by Manuela

Scarci

Edited by Jason P.

Blahuta

eBook from \$10.95 |

print \$15.50

240pp | 9781554813605

This edition offers a new and lively translation of *The Prince*, written in fluid modern English that is impressively accurate to the original source. It also includes extensive selections from the *Discourses on Livy*, together with a range of Machiavelli's other works such as his poetry, his personal correspondence, and the *Florentine Histories*. The supplemental readings, engaging original introduction, and thorough annotations provided in this edition show the relevance of *The Prince* to a wide range of themes: human nature, the philosophy of history, and the existential question all rulers face: how to survive in a world that is largely outside of one's control.

"Manuela Scarci's excellent translation of Machiavelli's most (in)famous work is accessible while at the same time respectful of his stylistic dignity. Welcome are this edition's copious explanatory notes and helpful cross-references.... A great resource for a curious intellect, as well as for a university course in political thought." — TIMOTHY J. LUKES, SANTA CLARA UNIVERSITY

The word “broadview” expresses a good deal of the philosophy behind our company. Our focus is very much on the humanities and social sciences, but within these fields we are open to a broad range of academic approaches and political viewpoints. We strive in particular to produce high-quality, pedagogically useful books for higher education classrooms—anthologies, historical texts, sourcebooks, surveys of particular academic fields and sub-fields, and also course texts for subjects such as composition, business communication, and critical thinking. We welcome the perspectives of authors from marginalized and underrepresented groups, and we have a strong commitment to the environment.
